OFFICIAL NOTICE OF STUDENT CHARGES – ACADEMIC YEAR 2019-20

Howard University hereby announces the tuition rates, housing rates, meal plan rates, and student fees for the 2019-2020 Academic Year.

In announcing the student charges for the academic year, Howard University wishes to emphasize that Howard's tuition remains low compared to other private universities in the D.C. region, and compared to other similarly ranked private universities in the U.S. overall. Student charges at Howard also compare favorably to student charges at other Historically Black Colleges and Universities (HBCUs).

This notice details all the approved tuition rates and other student charges that have been approved and/or re-affirmed by Howard University's Board of Trustees.

For the 2019-20 academic year, the Board has approved the following changes in student charges:

- No change from 2018-19 in Undergraduate Tuition
- Elimination of the \$1,500 matriculation fee
- New Student Health Insurance Fee of \$1,400
- Keeping the Student Activity Fee at its present level of \$125 until/unless a change is requested and ratified under the procedures established by the Howard Student Association.

All other student fees, including school and course-specific fees, have been reaffirmed.

The Undersigned hereby certify that the tuition rates and student charges set forth herein were duly adopted or re-affirmed by the Board of Trustees of Howard University at its meetings on October 25, 2018, or at previous meetings of the Board.

1 Tuition and Enrollment Related Fees by School/College – General Information

1.1 Pricing

Tuition is based on (a) the enrollment status of the student, (b) the semester, and (c) the school or college attended.

1.1.1 Enrollment Status

- **Full-time status** is when a student is enrolled in a minimum of 12 credits in the fall AND spring semester.
- **Part-time status** is when a student is enrolled in less than 12 credits in the fall OR spring semester.

1.1.2 Semesters

Tuition is based on the semester, and the student's enrollment status.

- For **full time students**: a flat rate tuition is charged. Included in the tuition is a total of 42 credits that may be taken throughout the academic year, which includes the fall, spring, and (if eligible) summer semesters.
 - For the fall and spring semesters: tuition covers between 12 – 21 credits. Credits taken above the maximum of 21 credits are charged an additional amount, based on the full-time excess credit rate.
 - For summer semester:
 - If a student qualifies for the STAGE award, up to 6 credits are included, based on payment in full of full-time fall and spring tuition, as well as other criteria set forth in the STAGE award program. Credits that are ineligible for the STAGE award are charged based on the summer semester credit rate.
 - If a student does not qualify for the STAGE award, then the summer semester credit rate is used per credit taken.
- For **part time students**:
 - For fall and spring semester: a part time credit rate is applied to credits taken.
 - For summer semester: a summer semester credit rate is applied to credits taken.
